

Mathematical Discovery via Computer Graphics: Hypocycloids and Epicycloids
Florence S. Gordon New York Institute of Technology, Old Westbury, NY
Sheldon P. Gordon Suffolk Community College, Selden, NY

The College Mathematics Journal, November 1984, Volume 15, Number 5, pp.
440–443.

Excerpt

High quality computer graphics provide us with a marvelous opportunity to see a wide variety of mathematical concepts and objects that previously were accessible only through analytic methods. Thus, we are now able to investigate the geometric aspects of much of mathematics and, as a result, obtain many new insights.
