

# AMC 8 Competition Certification Form

**MAA AMC**  
American Mathematics Competitions

Please complete return with answer sheets.

We encourage all students in grade 8 or below to participate in the AMC 8 as part of the MAA American Mathematics Competitions. The AMC 8 must be administered by a Competition Manager who must be an adult unrelated to any of the participants. Competition Managers are usually teachers or coaches.

The Competition Manager and the institution's principal, official, or person with comparable title must sign this form.

## Certification by the Competition Manager

I certify that the following statements are true and that, if there are any exceptions, I have checked the box at the top of the second page and have listed the name(s) of the participant(s). I understand that the absence of either my signature or the signature of the principal, official, or person with a comparable title from this form may result in DISQUALIFICATION of all scores from our institution. I understand that administering the AMC 8 before November 10, 2020 or after November 16, 2020 will lead to disqualification of our institution's results.

1. Only students in grade 8 or below, and ages 14.5 or below participated in the competition.
2. The participants were continuously monitored during the competition, either by myself or a parent/guardian.
3. Participants had exactly 40 minutes of working time. (See AMC 8 Teacher's Manual for the policy on students with accommodation plans).
4. No student was permitted to proctor or score the competition.
5. If the competition was administered on paper, I collected all of the participants' competition booklets once time ran out. These can be returned to participants after November 17, 2020.
6. After the competition, the answer sheets were kept secure and no changes were made to the answers. If the AMC 8 was given at more than one time, the competition booklets were kept secure until all administrations were over, and all answer sheets are being returned together.
7. I have followed all the rules as stated in the AMC 8 Teacher's Manual.
