

Instructions:

- 1) Cut out shape.
- 2) Tape the edges together to form a circular cone.

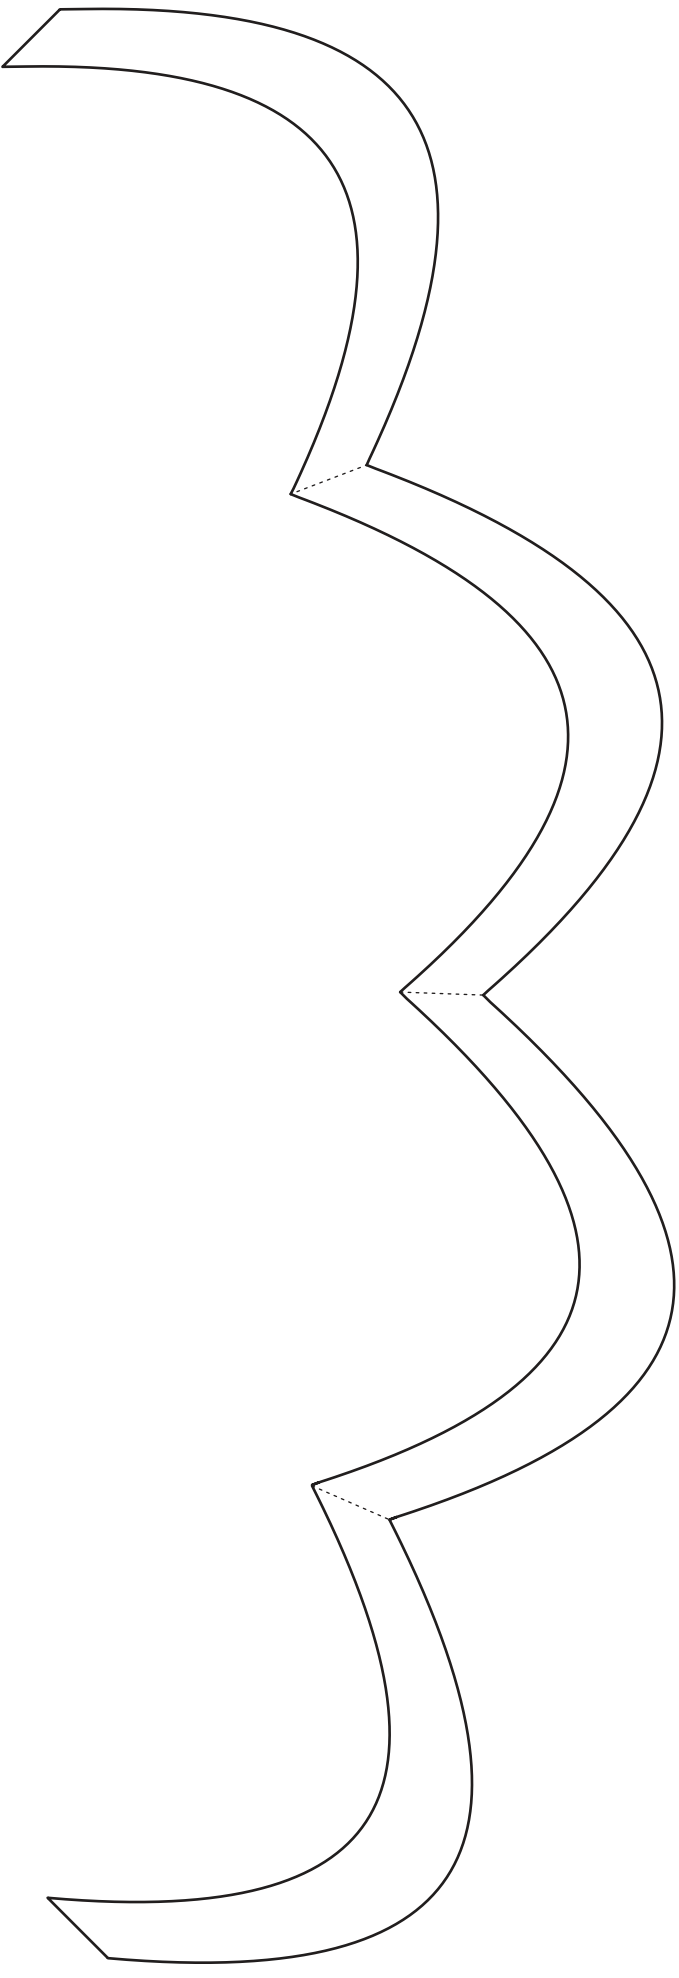

Instructions:

- 1) Cut out shape.
- 2) Tape the left and right edges together.
- 3) Do not crease the paper. The shape is part of a circular cone.

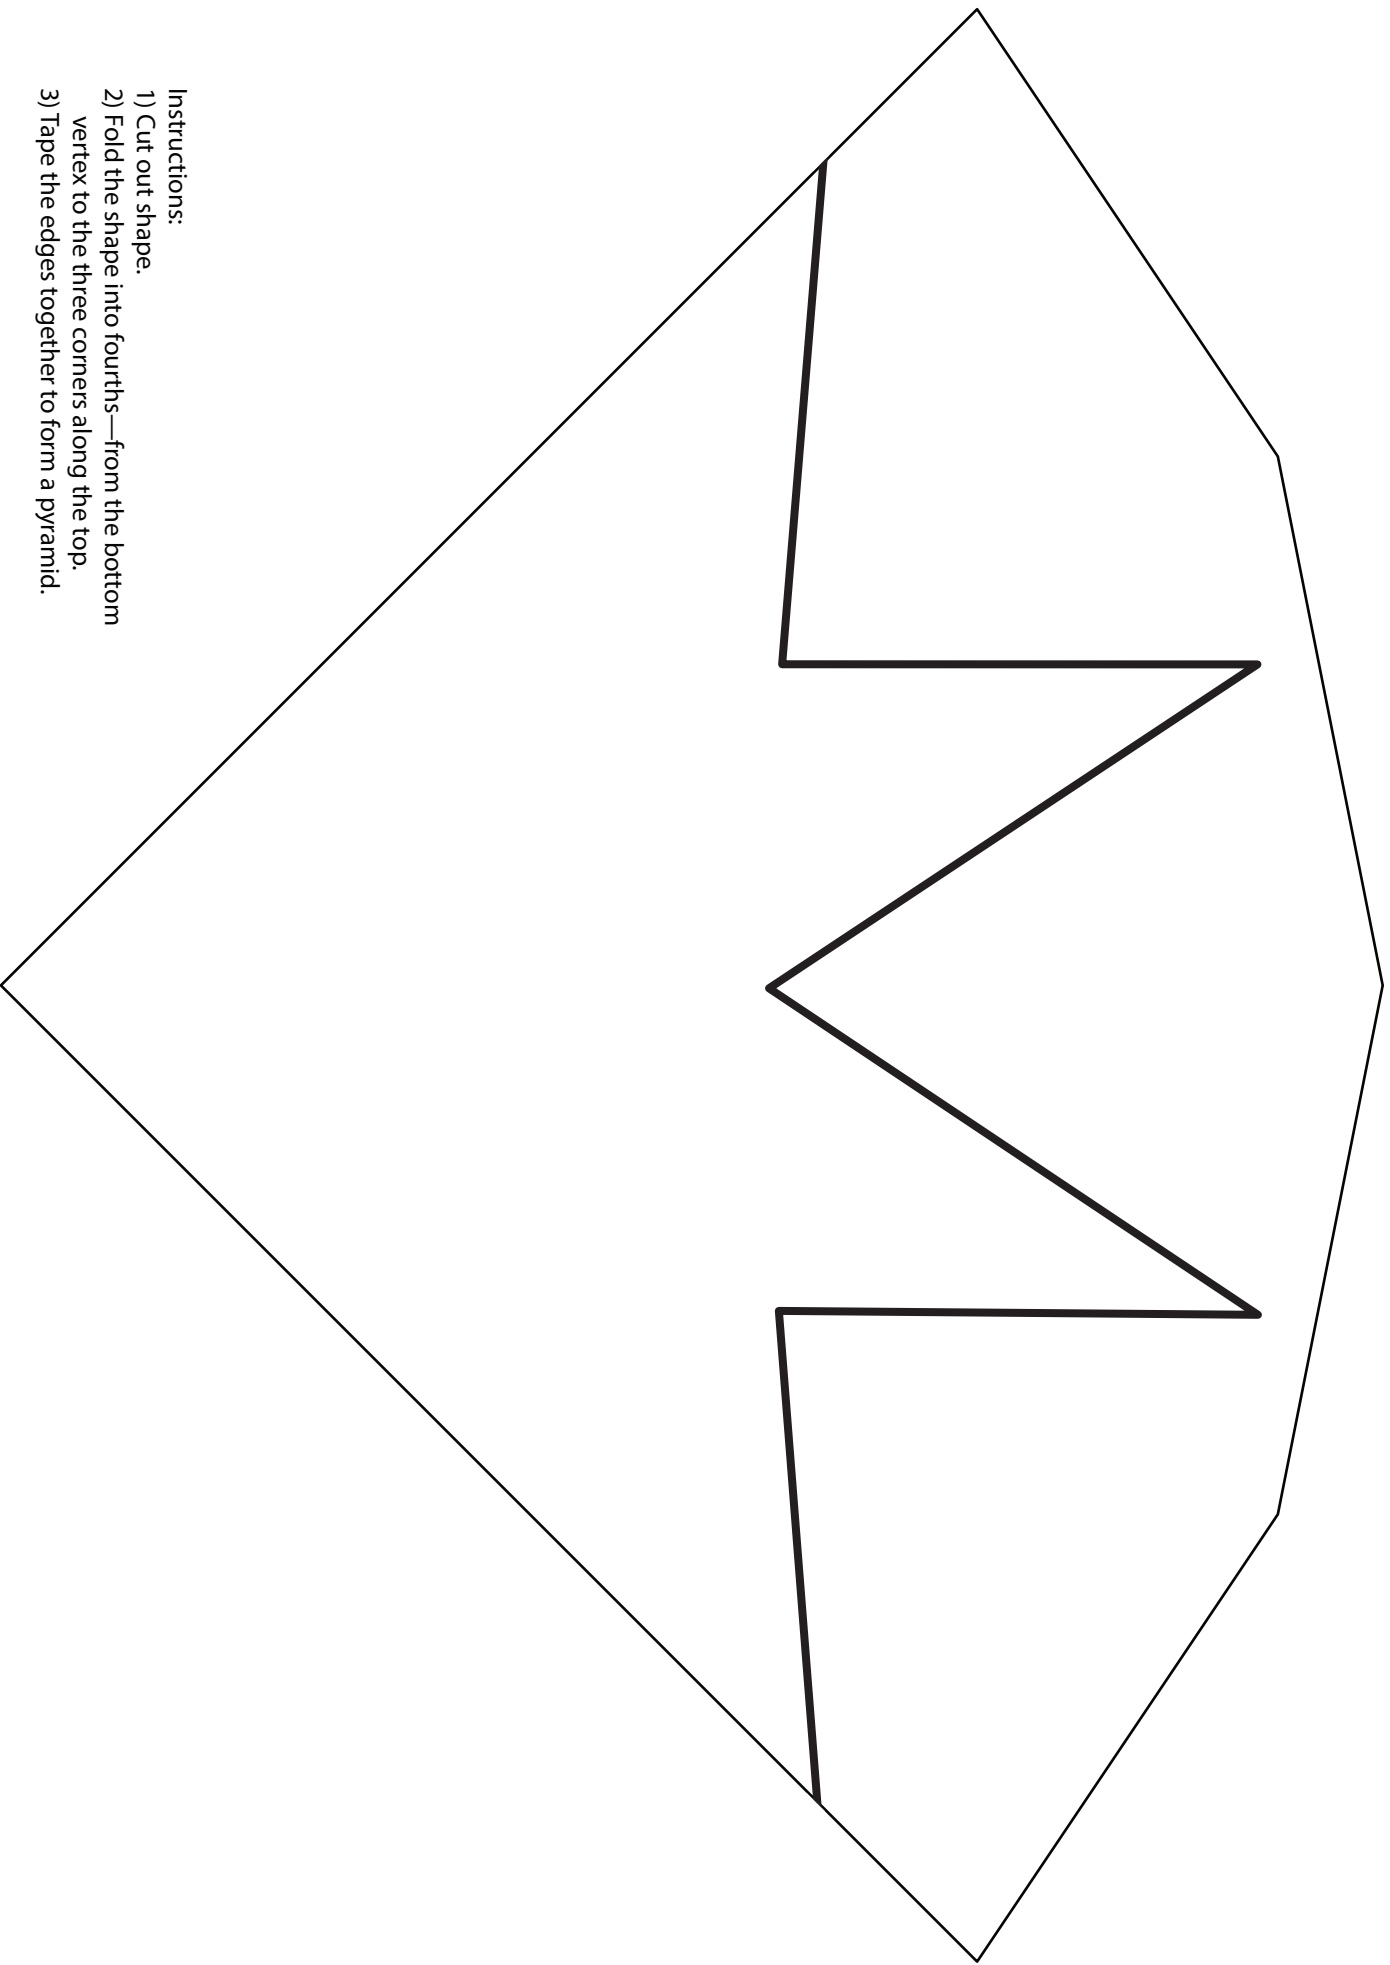

Instructions:

- 1) Cut out shape.
- 2) Fold the shape into fourths—from the bottom vertex to the three corners along the top.
- 3) Tape the edges together to form a pyramid.

Instructions:

- 1) Cut out shape.
- 2) Fold sharp creases along the dotted lines keeping the rest of the paper flat.
- 3) Tape the ends together.

Instructions:

- 1) Cut out shape.
- 2) Fold the shape into fourths—from the bottom vertex to the three corners along the top.
- 3) Tape the edges together to form a pyramid.
