

## PosterFest 2019: An MAA Networking Event

This poster session and networking event allows early career mathematicians to present and discuss their scholarly activities with senior mathematicians in an informal atmosphere. Untenured faculty and graduate students are especially encouraged to apply. Examples of scholarly activities suitable for this poster session include expository work, preliminary reports, scholarship of teaching and learning, and research reports. Please note that undergraduate submissions will not be accepted. Alternate opportunities for undergraduate students are available and can be found on the [maa.org/mathfest](http://maa.org/mathfest). Questions regarding this session should be sent to Lisa Driskell [ldriskel@coloradomesa.edu](mailto:ldriskel@coloradomesa.edu) or Holly Attenborough [attenborough@uwplatt.edu](mailto:attenborough@uwplatt.edu).
